

# REPUBLICANS HAVE RECORD MARGIN IN CONGRESS

## Lee County Joins in State-Wide Movement

### COUNTY COMMUNITY CONFERENCE TO BE HELD IN DECEMBER

### Chamber of Commerce to Co-operate in Plan- ning Meeting.

The Board of Directors and the Civic Affairs Committee of the Chamber of Commerce met jointly at the offices last evening. Messrs. Velle, Ewlin, McVethy, Martin, Borst, Durkes, Wingert, Keyes, Howell, of the Board and W. B. Brinton, Mark Smith, Hogan and Shaw of the committee were present.

Miss Mary Wynn, who attended the State-wide Community Conference at Champaign on October 1, 2, 3, on behalf of the Dixon Chamber of Commerce, read a very interesting report of that meeting. The feature of that conference of most interest to Dixon was the plan to hold county Community Conferences. These will be held in December in most of the counties in Illinois. All the people of Lee county in any way connected with or interested in every phase of community life will be invited to Dixon on the day set. Discussions and speakers from the state will cover most of these topics. The aim will be to keep Lee county in the van as a place in which it is pleasant to live because of the many advantages possible. Topics to be discussed might include schools, libraries, a municipal building, religious and social life, home betterment, neighborhood associations, soil replenishment and other problems of special interest to the farmers of Lee county: roads, regulation of land.

### Hogan Made Chairman.

Mr. Brinton commended the idea of such a conference as a means of keeping our people in the march of progress and regretted very much that his approaching departure from the city made it impossible for him to serve as chairman of the Civic Affairs committee in putting across such an important undertaking. Mr. Hogan was appointed chairman of this committee. He spoke strongly in favor of the conference and was especially glad to know that it might aid in a Memorial building. Mayor Smith urged the citizens of today to do what they could to improve Lee county not only for themselves, but for those to follow. George Shaw was very much in favor of such a meeting as proposed by the State Conference. Mr. Howell who is a member of the Civic Affairs committee as well

### Attempts to Settle Irish Question Made

By Associated Press Leased Wire  
London, Nov. 5.—Two interesting, although unofficial attempts are being made to solve the Irish question, it developed today. The first of these is an effort by influential political quarters to induce the government to communicate with the Sinn Fein members of House of Commons in order to reach a reasonable contract and prevent the ruin of Ireland.

The second is that three coalition members of parliament will formally propose a plan for withdrawing the military in Ireland to strategic centers and allowing the local authorities to take the responsibility for the preservation of law and order with the eventual view of negotiating a political settlement of the problem.

### Morrison Eleven Plays Here Sunday

The Morrison football team has been secured to meet the Dixon American Legion team here Sunday afternoon, in place of the Freepoint team which cancelled its game. The Morrison team is said to be exceptionally strong and they are counted on as being able to give Coach Dixon's team, crippled by the injury of Sanford Hutchinson, a real battle. The game will be played at Brown Field, and will be called at 2:45.

### Doom of Chicago's Night Life Sealed

By Associated Press Leased Wire  
Chicago, Nov. 5.—The doom of Chicago's night life was forecast today when Charles A. Cline, district attorney notified every well known cabaret in the city not to only cease selling liquor but to prohibit guests bringing their own.

At the same time Police Chief Garrity council for legislation giving the police greater power to regulate cafes and cabarets.

### GIRL TAKEN AS SHE WAITED FOR INTENDED HUBBY

### Companion Wedded Before Cops Could Locate Her.

On Monday of this week Chief Van Bibber received a long distance telephone message from Centralia, Ill., requesting that he watch for two young women, Lucille Webb and Mattie Osborne, who had left their homes in that city, supposedly to come to Dixon to work at the state colony. The parents of the Webb girl had asked that she be taken in charge and returned to her home.

Wednesday afternoon the Osborne girl was united in marriage here to Charles Flannagan of Mt. Vernon, and last evening the Webb girl, was taken in custody by Chief Van Bibber and Officer Joe Miller at the Illinois Central depot, where she was awaiting the arrival of the train from the south on which her intended husband was expected to arrive. She told the officers that she had not fully decided upon her matrimonial venture, and was taken to the county jail, where she remained over night. The Centralia authorities were notified and this morning instructions were received by the local police asking that she be placed on a train Saturday morning and sent back to her home.

### PRESIDENT-ELECT IS PREPARING TO CLOSE MARION H'Q'ARTERS

### Was Given Tumultuous Tri- butet By His Fellow Citizens.

By Associated Press Leased Wire  
Marion, O., Nov. 5.—In final preparation for his first real vacation in months, President-elect Harding today disposed of the last remaining business of his campaign headquarters here and virtually abandoned the head building which has housed his office and campaign assistants since July. With Mrs. Harding and a party of friends he leaves tomorrow morning for a month's vacation trip that will take him to southern Texas and probably to Panama.

As Mr. Harding began his last day's work in campaign headquarters workmen were cleaning from the Harding lawn next door demolished standards and burned-out red-fire torches of last night's celebration in which several thousands of his neighbors in Marion and nearby cities paid him a tumultuous tribute as the successful president candidate.

### League Is "Deceased."

In his speech to the cheering crowd that gathered for his post-election front porch speech the President-elect pronounced the League of Nations "deceased," although by an historic coincidence a crowd was gathered at the same hour on the White House lawn in Washington acclaiming the League in the presence of President Wilson.

Soon after his vacation trip which is to end early in December Mr. Harding is expected to take preliminary steps toward a consultation of statesmen which he has promised throughout the campaign, for formulation of America's program toward a world peace association. Whether he actually will assemble such a counsel before his inauguration, however, is regarded as doubtful.

### HAD OPERATION

Miss Pauline Hackett of Dixon who submitted to a mastoid operation at the Dixon hospital last Saturday, is reported to be recovering nicely from the effects of the same.

### WEATHER.

FRIDAY, NOV. 5, 1920.  
By Associated Press Leased Wire  
Chicago and vicinity—Increasing cloudiness tonight, probably followed Saturday or Saturday night by rain; not much change in temperature; variable winds shifting to easterly and becoming fresh Saturday.

### Illinois—Increasing cloudiness to- night; warmer in west and south por- tions; Saturday probably rain.

### Wisconsin—Increasing cloudiness tonight; somewhat warmer in west and central portions; Saturday un- settled with rain in south portion.

### Iowa—Rain probable tonight and Saturday; warmer tonight.

### LOCAL TEMPERATURE.

The range of the local temperature during the 24 hour period ending this morning was between 58 and 34 degrees above zero.

## Harding's Victory Smile!

Marion, Ohio.—This is the first photograph of President-elect and Mrs. Warren G. Harding taken after Harding himself "conceded" his own election. It is exclusive to the Evening Telegraph. It was taken at the Harding home in Marion by Bob Dorman, staff photographer for the Newspaper Enterprise Association, of which the Telegraph is a member. The senator and Mrs. Harding sat together election night reading the reports of the Harding landslide. Long after all his friends in Marion had been joyously celebrating his election, the senator finally looked up, took off his glasses, smiled and "conceded" that he was the president-elect. That was the moment when Dorman snapped this picture.

### DIXON BOY OFFICER OF DECK WHEN SHIP HIT FLOATING MINE

### Ensign Harold Drew Tells of Experience Aboard U. S. Cruiser.

Ensign Harold A. Drew, son of Mr. and Mrs. W. D. Drew of this city, was Officer of the Deck of the U. S. S. Kane when it struck an unexploded mine en route to Riga, Russia, on Oct. 1, and for a few minutes the Dixon young man had his hands full. His experience is graphically told in the following very interesting letters to his parents:

Sept. 29.—We are spending a couple of days here in Danzig looking the place over. We came yesterday and leave tomorrow afternoon for Riga, Russia.

A Russian snapped our picture as we came up the river so I am enclosing you a print. It is the first picture I have ever been able to obtain of the ship. You may be interested to know just what sort of a goet I'm touring the seas upon.

She is brand new, 1400-1700 tons displacement, 29,000 horse power, triple expansion Curtis turbine engines, 314 feet over all, 31 feet beams, 4 5-inch calibre guns, 12 21-inch torpedoes, one 3-inch 21 calibre anti-aircraft gun and 4 machine guns. Speed 35 knots, and a cruising radius of 4400 miles. Oil burning capacity of fuel oil 120,000 gallons.

Mines in Waters

So far we have had a pleasant cruise, but now we go up to Riga and Revel, Russia thru mine fields and cold weather. It is rather ticklish passage through these ports as the channel is only 1 1/2 miles wide with mines on either side, and as usual we are optimistic and if still here at X-mas time expect to spend Christmas at Copenhagen or Stockholm. Hope not Danzig or a Russian port.

Copenhagen is a fine place and the people treat you fine, but here of course we are still at war with these

### NELSON GIRL HURT IN AUTO MISHAP WEDNES.

Miss Mabel Stitzel, daughter of Mr. and Mrs. M. C. Stitzel, suffered painful injuries in an automobile accident at Sterling Wednesday noon, from which she had a remarkable escape from very serious hurts. She was riding down town to her work in a Sterling dry goods store in company with Miss Helen Drew and the latter's brother, Lloyd, in a Ford car when they were struck by a heavier machine driven by Joe Mann. The Ford was turned over twice, but the top was up and it saved the occupants from more severe injuries. Miss Stitzel, who was the most seriously hurt, suffered a severe nervous shock, was cut above the eye by glass from the windshield and sustained bruises about the legs and arms.

### Surprise in Store for Members D. A. R.

The Daughters of the American Revolution will hold an important meeting tomorrow afternoon, commencing at 2:30 sharp, at the home of Miss May Lord, 123 East Chamberlain street.

The program committee has a pleasant surprise in store for the members and they are urgently requested to be prompt in their attendance tomorrow.

### TO FOOT BALL GAME.

Miss Marion Cahill went to Chicago this morning to visit with her brother, Eugene Cahill over Sunday and to attend the Chicago-Illinois football game tomorrow.

Miss Kathryn Kelly has resigned her position with the Snow White Bakery.

### DR. SICKELS' CAMP IN NORTH WOODS OFFERS GREAT HUNTING SPORT

### Dixon Physician Has Fine Hunting Lodge in Nor- thern Wilderness.

Louis Pitcher, Dr. Willard Thompson, John L. Davies and the writer have returned from a two weeks' visit at Jishaba Lodge, the hunting lodge of Dr. E. A. Sickels of Dixon, in northern Minnesota. Dr. Sickels and Charles Sheffield of Grand Detour remained there for a few weeks longer. Mrs. Sickels and Mr. and Mrs. E. B. Raymond of Dixon went in to the camp last Sunday.

Is Splendid Camp.

Jishaba Lodge is a completely and comfortably equipped camp on the banks of the Big Fork of the Rainy river in Itasca County, Minn. It is about 250 miles northwest of Duluth and about 40 miles northwest of Deer river, the nearest regular railway station, although a logging road sends a train within 5 miles of the camp three times a week.

The "camp" comprises a large and comfortable log cabin, boat house, ice house and will be supplemented by a garage. Dr. Sickels bought several acres of land, some of it cleared, on a point in a bend of the river from Carl Shogran, a settler, and employed Mr. Shogran to build his cabin and other buildings.

The log cabin has five large rooms and a big porch and is of attractive architecture. Dr. Sickels has gone to considerable expense to ship in furniture and equipment and has a home there which, winter or summer, is entirely adequate and supplies every comfort.

For In Wilderness.

After many years of hunting and outings in many states, Dr. Sickels selected this spot far up in the north woods, only about 70 miles below the national boundary line, for his recreation retreat. His guests will testify that he selected wisely and that from

### VALUE CAPITAL STOCK LEE CO. FIRMS FIXED

(Special to The Telegraph.)  
Springfield, Ill., Nov. 5.—The following are the assessments made by the State Tax Commission on the capital stock of corporations in Lee county, being the excess of equalized value, being the excess of equalized value of capital stock and debt over the equalized values of tangible property assessed by the local assessors, and extended on the basis of fifty per cent of said net equalized value for taxation purposes for the year 1920:

Amboy Public Hospital	\$ 1,500
Dixon Water Co.	7,000
Illinois Northern Utilities Co.	795,000
Rock River Assembly of Luth- erans	1,500

### Six Congressmen in Tenn. Are Republican

By Associated Press Leased Wire  
Memphis, Tenn., Nov. 5.—With Tennessee definitely in the Republican electoral column, returns gathered by newspapers indicated early today that the Republicans had captured four of the state's ten seats in the lower house of congress. Two members of Tennessee's present congressional delegation are Republicans.

With returns in from practically the entire state, Senator Harding continued today to lead Governor Cox by approximately 10,000 votes, while the majority of Alf Taylor, Republican, candidate for governor, over Governor Roberts, Democrat, was nearly 4,000.

### Robbery Motive of Paul Murder

By Associated Press Leased Wire  
Mount Holy, N. J., Nov. 5.—The Burlington county grand jury which met in special session here today to take up the death of David S. Paul, was informed robbery was the motive for the killing of the Camden bank messenger, according to the county prosecutor.

Miss Mabelle Thomas who has been on duty at the Katherine Shaw Bethel hospital, Dixon for the past thirteen weeks, returned to her home in Polo Saturday.

### EXTENT OF VICTORY OF ILLINOIS G. O. P. GROWS WITH RETURNS

### Latest Reports Show All Republican Candidates Going Strong.

By Associated Press Leased Wire  
Chicago, Nov. 5.—Additional counties reporting complete official returns today and police returns from the city of Chicago, showing but 40 precincts missing in Cook county, brought Senator Harding's plurality, with 308 precincts still out in the entire state, up to 793,827, and still climbing on every return received.

Returns from 5,422 precincts—2,425 in Cook county and 2,997 down state—gave:

Harding	1,287,621
Cox	493,794

Len Small's plurality for governor has passed the 400,000 mark and is still growing. Returns from 5,398 precincts—2,425 in Cook county and 2,973 down state give:

Small	1,139,796
Lewis	672,119

Small's plurality, 467,686.

In the senatorial race William B. McKinley is leading Peter A. Waller by 662,395, figures from 4,909 precincts—2,425 in Cook county and 2,475 down state giving:

McKinley	1,142,497
Waller	480,102

### Rev. Thrall to Give Thanksgiving Sermon

The ministers met in their regular monthly meeting last Monday and transacted the following business:

Thanksgiving services will be held Wednesday evening, the 24th, in the Presbyterian church. Rev. Victor Thrall, the new pastor of the M. E. church, will be the preacher.

It has been voted to conduct a religious survey of the city in the near future.

### 149 IN HOUSE; 22 IN SENATE LATEST COUNT

### Harding Sure of 404 Votes in Electoral College.

By Associated Press Leased Wire  
New York, Nov. 5.—With the size of President-elect Harding's electoral vote virtually settled at 404 out of a possible 531 and the complexion of the new senate set down as 59 Republicans and 37 Democrats, Republican leaders today awaited belated returns on eight contests in six states to fix the exact size of the Republican house majority.

Exclusive of the eight undetermined seats in the lower house the Republicans had 286 members to 137 Democrats and four of other designations, a plurality of 149—the greatest ever held by any party in the house. The nearest approach to it was in the fifty-second congress, when the Democrats had a lead of 148.

### Record Margin in House

Republicans appeared to be assured of better than an even break on the eight outstanding seats which would give them a record party margin in the house. The seats still in doubt were the fourth Maryland district; eighth Minnesota; fifth Missouri; fifteenth, twenty-first and twenty-third New York; first North Dakota, and fifth West Virginia.

A further possible Democratic upset appeared possible in the fourth Tennessee district where W. F. Clouse, Republican, was reported to have forged slightly ahead of Cordell Hull, earlier reported elected.

### Ernest Beas Beckham

The senate minority was settled last night when belated returns from the mountain region of Kentucky gave the Republican candidate, Richard P. Ernst, victory over Senator Beckham, Democrat.

Montana's four electoral votes fell definitely into the Harding column when returns from 1337 precincts out of the total 1382 gave the Republican candidate a lead of 44,530. With North Dakota's five electoral votes counted last night when Democratic leaders admitted they had given up hope of carrying the state, the addition of Montana brought the Harding total up to the 404 mark.

### Woman to House

Yesterday's count in Oklahoma assured the nation's new women voters one representative in the lower house—Miss Alice Robertson of Muskogee, a farmer and restaurant owner. Miss Robertson was an anti-suffragist prior to the adoption of the nineteenth amendment and made the congressional race "to see if the men meant it" when they "thrust the vote on us."

### Harding is Offered Use of Battleship for Panama Journey

BULLETIN.  
By Associated Press Leased Wire  
Marion, O., Nov. 5.—Senator Harding is expected by his advisers here to accept President Wilson's offer of a naval vessel for his voyage to the Panama canal zone.

Washington, Nov. 5.—(By Associated Press)—President Wilson today directed Secretary Daniels to place a battleship at the disposal of President-elect Harding for his contemplated visit to the Panama canal zone.

The President also instructed Mr. Daniels to offer Mr. Harding the use of the presidential yacht Mayflower to convey him and the members of his party to Hampton Roads to go aboard the battleship.

Secretary Daniels immediately telegraphed the offer to the President-elect at Marion, O.

He did not announce what battleship would be placed at the disposal of Mr. Harding and his party, but indicated that it would be one of the newest of the super-dreadnaughts.

Senator Harding plans to leave Marion tomorrow by rail for Texas for the beginning of a long vacation. He will spend some time on the Texas coast and the understanding here is that if he goes to Panama it will be from a Texas port.

### Trains Stop During Rail Head's Funeral

By Associated Press Leased Wire  
Richmond, Va., Nov. 5.—Railroad executives from various sections of the country attended funeral services here today for George W. Stevens, president of the Chesapeake & Ohio railway system. Every wheel on the Chesapeake & Ohio system stopped for one minute at the time of the funeral as a mark of respect.

Mrs. Charles Crumb and daughter, of Franklin Grove, and Mrs. Martha Shoemaker were Dixon shoppers today.

# Today's Market Report

(By Associated Press Leased Wire.)

## Wheat Price Hits Another Decline; Corn is Stronger

Chicago, Nov. 5.—Fresh setbacks in the price of wheat took place today, influenced more or less by big breaks in foreign exchange. For the most part, commission houses were on the selling side, and there was no aggressive support. The fact that receipts were light at all points tended somewhat, however, to check radical bearish sentiment. Opening prices which ranged from 1 to 2 1/2, lower with Dec. 1.88 1/2 to 1.93 1/2, and March 1.93 to 1.98 1/2, were followed by a slight rally and then by a new downturn. Corn developed a little strength with shipping business and smallness of arrivals furnishing the stimulus. After opening 1/2 cent lower to 1/2 cent higher, including Dec. at 82 1/2 to 83 1/2, the market continued to harden. Oats were moved by wheat rather than corn, starting unchanged to 1/2 cent lower May 58 to 58 1/2 and showing but slight power to rally. Provisions tended downward notwithstanding higher prices on hogs. Subsequently, indications of export wheat business led to upturns but not of lasting sort. The close was unsettled 1/4 to 2 1/2 cent net lower, with Dec. 1.98 to 1.98 1/2 and March 1.93 to 1.93 1/2. "Selling of May corn and buying of Dec. was a feature. The close was nervous 1/2 cent lower to 1/2 cent advance, with Dec. 83 1/2 to 84 1/2.

## Chicago Produce.

Chicago, Nov. 5.—Butter: higher, creamery 40¢ to 42¢. Eggs—ungraded, receipts 1524 cases, firsts 66¢ to 67¢; ordinary firsts 57¢ to 60¢; at market cases included 55¢ to 61¢; standards 68¢ to 69¢; storage packed firsts 69 1/2 to 70. Poultry—alive, lower; fowls 19¢ to 20¢; turkeys 27¢; turkeys 35¢. Potatoes—weekend; receipts 72 cars, northern whites asked 2.25 to 2.40 cwt; bulk 2.30 to 2.35 cwt.

## Chicago Livestock.

Chicago, Nov. 5.—Cattle—receipts 7000; all killing classes slow; demand slow at yesterday's bottom prices; some selling 15¢ to 25¢ lower; no choice steers here; bulk natives 10.00 to 15.00; butcher cows and heifers mostly 6.00 to 9.00; canners largely 2.75 to 3.50; bulls weaker; bolognas 4.00 to 6.75; calves steady; best vealers 14.00 to 15.00; stockers and feeders slow to lower. Hogs—receipts 17,000; active mostly 10¢ to 15¢ higher than yesterday's average spots more; top, on load 14.50; practical top 14.40; bulk of sales 13.50 to 14.35; pigs 15¢ to 16¢ higher; bulk desirable 100 to 130 pound pigs 14.50 to 14.75.

Mrs. Laura Barick, of Peoria, Ill., who says she believes she is the happiest woman on earth since Tanlac has completely restored her health. Regains 50 pounds which she lost during a period of ill health which lasted eleven long years.

"I believe I am the happiest woman in the world, and it is all because of what Tanlac has done for me," said Mrs. Laura Barick, 403 Melroth St., Peoria, Ill., a well-known and highly respected resident of that city. "I never dreamed that I would ever find anything that would do for me what Tanlac has done," she said. "I was in a wretched state of health and was down in bed so long that I lost fifty pounds in weight, but I have gained back every pound I lost and I now feel as well as I ever did in my life. The indigestion and other troubles that made life a burden for eleven years have entirely disappeared and I am like a new woman. "My stomach was so disordered that even liquid foods and plain water caused me to have dreadful cramping spells that lasted for hours. My kidneys were disordered and I had pains across my back almost constantly. I had severe headaches nearly every day and became so dizzy I could hardly stand. I was so nervous it was impossible for me to get a good night's sleep. I tried every conceivable medicine and was treated by specialists, but nothing helped me, and finally I was told I would never be well again. "But Tanlac has made me a perfectly well woman in every way. I can now eat and sleep like other people and I haven't a pain about me. "I am glad to give this statement, for I want to do all I can to let the world know about this wonderful medicine." Tanlac is sold in Dixon by the Public Drug & Book Co. and by the leading druggists in every town.

## Judge Tells What He Wants to Know

Indianapolis, Ind., Nov. 5.—Federal Judge Anderson declared in United States court today that the investigation to be made by him next Monday of Attorney General Palmer's connection with the soft coal conspiracy cases would be for the purpose of ascertaining whether the Attorney General can make an agreement to suppress a portion of the government's evidence. The statement apparently was prompted by Washington dispatches quoting Mr. Palmer as saying he was unable to understand what "Judge Anderson is proposing to investigate." Mr. Palmer's statement was made last night after he had received notice of the investigation, sent from here at Judge Anderson's direction. Judge Anderson's charge that the attorney-general is attempting to suppress evidence in the coal cases not to use the evidence contained in the bill of equity on which Judge Anderson issued an injunction last year directing cancellation of the order by nine union officials calling the soft coal strike. Mr. Palmer also has said that an agreement was made, in Judge Anderson's presence, not to use this evidence of the miners complied with the court's order, and court officials here expected that the investigation next Monday would include inquiry into this phase, as also reveal what agreement was made with the miners. The attorney-general, it was learned here today, has asked District Attorney Van Neuya, special prosecutor L. Ert Black and former special prosecutor Slims to go to Washington immediately for a conference regarding the investigation.

Reprisals Follow Killing of Lieut. Hamilton By Irish

Reprisals followed the officer's death. Licensed premises and a printing office were destroyed by fire and a creamery was blown up with bombs and the machinery smashed. The inhabitants of Nenagh fled into the surrounding country. The noise and explosions were heard throughout the night.

## Sycamore High is Expecting Victory in Dixon Tomorrow

Word comes from Sycamore that the members of the high school football team of that city, and the students of the institution, anticipate victory in their game with Dixon high at Brown Field in this city tomorrow afternoon. Because of the expectation of winning it is said an exceptionally large number of Sycamore fans will accompany the team. But with Captain Jones back in the game and several changes in the line-up to give the team greater speed Coach Vazina is not fearing the visitors, and the same feeling is felt by pupils of the Dixon schools who will be out en masse to cheer the locals.

## EXPECT NAVY TO BE UP TO FULL STRENGTH

Enlistments to Service Averaging 2300 Every Week.

Washington, Nov. 5.—Recruiting for the navy is progressing so satisfactorily that naval officials believe it soon will be possible to send to sea a large number of vessels of all classes now carried on paper as part of the fleets, but actually tied up at navy yards for lack of crews. Recruits are entering the service at a rate exceeding 2,300 a week and the training stations are daily sending large numbers of men to the fleets after the usual four months of training. On Nov. 1 the navy was only 23,000 men short of the authorized strength of approximately 143,000 and it is believed at the department that the full strength will be reached before March 1.

Ships Out of Commission. As a result of the shortage of experienced men it became necessary last winter and spring to place a large number of vessels entirely out of commission or to lay them up with greatly reduced crews. Of the 243 modern destroyers completed and turned over to the navy, only 65 are now in full commission. No modern submarines are out of commission, according to naval officials but 36 of these vessels of the older type are without full crews. Difficulty has been experienced in training men for the submersible due to the particular technical nature of the work.

Of fifty-five Eagle boats on the naval list, 31 are fully manned and 24 are in reserve or loaned to the naval reserve force for training purposes, it is stated. The substantial increase in pay granted the navy at the last session of congress, together with the recent announcement of an extended cruise by the Atlantic and Pacific fleets this winter to ports in South America, Africa and New Zealand have served to greatly stimulate enlistments officials at the department say.

## Two of White Sox Surrender Today

Chicago, Nov. 5.—George "Buck" Weaver, third baseman, and Fred McMullen, utility player, of the White Sox, surrendered to the state attorney's office today and gave \$10,000 bonds each to answer to indictments charging them with complicity in the conspiracy to throw the 1919 world's series. "Swede" Risberg and "Happy" Felsch are expected to appear later today. The charges against us are a fabrication and we can prove it," Weaver told newspapermen. "We ask the baseball public to withhold judgment until we have a chance in court to prove the charges against us are untrue. Save your Fuller Certificate, and watch for the Fuller man. 25713

## Bench Warrants for Three in New York's Builders' Inquisition

New York, Nov. 5.—Bench warrants were issued today for the arrest of at least three persons indicted by the additional grand jury investigating the alleged building trust here. Names of those indicted were not made public. While the first indictments in connection with the investigation were being returned to Judge Mulqueen in General Sessions, the joint legislative committee quizzing witnesses in city hall regarding the "trust" was being informed that the whole limestone trade of the United States was "in the grip" of the National Association of Stone Cutters. This testimony was given by Henry Hauland, cut stone contractor, who admitted a code of practice existed under by-laws of the association were read to him. He admitted also that this code requires all members of the national association and allied locals to submit copies of their bids to the recording secretary "to preclude cut-throat competition."

## ADDITIONAL SOCIETY ON PAGE 2.

### SIXTY IN ATTENDANCE—

The Foreign Missionary Society of the Methodist church was pleasantly entertained yesterday afternoon with Mrs. C. C. Hintz and Miss Estella Anderson as hostesses.

The day was almost perfect and the attendance numbered sixty with several guests. Four new members were added to the auxiliary.

The meeting opened with singing "Work for the Night is Coming." Miss Ada Decker gave the Scripture lesson. Mrs. Valgreen and Mrs. Hanson offered prayer. After the usual amount of business a paper with its subject "On to the Villages Carrying the Message," was read by Mrs. Andrews. The study book for this year is "The Bible and Missions." The first chapter, "The Missionary Message of the Old Testament," was ably presented by Mrs. Pope. The society is pleased to know that a Young Woman's Missionary society has been organized, of which more will be heard about in the near future. For the benefit of those not present, we say that at the December meeting there will be a hospital supply shower for the foreign mission field.

Victrola music was enjoyed during the afternoon and during the social hour refreshments were served.

### ROYAL NEIGHBORS & WOODMEN

The Modern Woodmen held a meeting last evening in Miller hall. At the close of the meeting the members of the Royal Neighbors and their families surprised the Woodmen by joining them. The surprisers numbered about fifty. After the first happy greetings the Royal Neighbors entertained with a program consisting of a violin and piano duet by Charles Ivey and Mrs. Lee Lambert; Mrs. Edna Charles sang a vocal solo, accompanied by her daughter; Patrick Devine gave several readings and Mrs. Huguet a piano solo. Each number was heartily applauded and the entertainers responded in each instance to the encore. After the program the Neighbors served a scramble supper consisting of many appetizing good things. Some of the guests then enjoyed dancing, all spending an enjoyable evening.

### ILLINOIS P. E. O.

Chapter A. C. Illinois P. E. O., held a meeting Monday afternoon at the home of Mrs. F. N. Newcomer. There was quite a good attendance.

Mrs. H. A. Ahrens gave several enjoyable readings during the program and Mrs. Everett Dutcher had the paper for the afternoon on George Rogers Clark which proved of much interest to all. Victrola music was enjoyed and the serving of dainty refreshments completed a happy afternoon.

### VED LAST APRIL—

Miss Cornelia Clapper of Polo has proven to her many friends that a woman can keep a secret. On Monday April 12, Miss Clapper and Mr. A. T. Clouse were united in marriage and the fact did not become known until last week when the bride announced to Mr. and Mrs. Clouse will make their home in Iowa. Mrs. Clouse is one of Polo's popular young women and the best wishes of a host of friends are extended to the young couple.

### CAMPED AT WHITE ROCK—

Mr. and Mrs. Clifford Knapp and daughters Rowena and Wynne, Mr. and Mrs. George Beach and Miss Barbara Smith, Mr. and Mrs. LeRoy Beach and Mr. and Mrs. Fred Kersen and Mr. Kaleel Durston formed a sampling party at White Rock near Grand Detour last week, returning to Ashton Sunday evening. From all reports they had a dandy good time. The weather was not best but the fishing was good and decoy ducks could be shot with ease.

### DANCE AT AMBOY—

The Kiever Klub of Amboy entertained with a fine dancing party at the opera house in that city last evening. Music was furnished by a Clinton orchestra.

### 32nd WEDDING ANNIVERSARY—

Friends and neighbors of Mr. and Mrs. C. Belles of Ashton surprised them Saturday afternoon in honor of their 32nd wedding anniversary. A scramble supper was served, after

which they departed for their homes, wishing the couple many happy years in the future together. A fifty-second anniversary is a rarity.

### True Blue Class Meeting—

The True Blue class of the M. E. Sunday school, taught by Mrs. Louis Meppin enjoyed a bounteous scramble supper at the church Thursday evening.

The class was reorganized and officers elected as follows:

President—Mrs. Ray McCune.  
Vice President—Miss Florence Stoner.  
Secretary—Mrs. Leon Garrison.  
Assistant Secretary—Mrs. Charles Hintz.  
Treasurer—Mrs. George Travis.  
All members are invited to be present next Sunday at 9:45.

### D. D. D. CLUB MEETING—

The members of the D. D. D. club held a meeting last evening with Mrs. Lloyd Hubbard. The members presented Master Dudley Sheldon Hubbard, the small son of the hostess, with a handsome blue robe, a delightful surprise. A pleasant evening was spent. Light refreshments were served.

### MISS FLOTO HOME—

Miss Violet Floto of the DeKalb Normal School is home to spend the week end. She has just returned from the National Convention of the Y. W. C. A. held in Chicago, being sent as a representative from the Northern Illinois State Normal University.

### TO MEET SUNDAY—

The Executive Committee of the Lee County Sunday School Association will hold its regular monthly meeting on Sunday afternoon at 2:30 at the Dixon Y. M. C. A. All the officers and friends of the Association are cordially invited to attend.

### PALMYRA MUTUAL AID—

The next regular meeting of the Palmyra Mutual Aid Society will be held Wednesday, Nov. 10 at the home of Mrs. Ed Shawker. The members are requested to attend prepared to sew.

### TO VISIT IN PROPHETSTOWN—

Mr. and Mrs. J. J. Daunter are leaving Dixon the first of the week to visit their son, Joseph Daunter and family in Prophetstown and their daughter, Mrs. Schminkey, in Davenport.

### TO HIKE SATURDAY—

Mr. Stearn's class and Mrs. Hintz's class of the Methodist Sunday school will enjoy a hike tomorrow. They will start from the north end of the bridge at 1 o'clock and hike toward the Assembly Park.

### FOR WEEK END—

Miss Helen Brown, of Ottawa, is expected home this evening to spend the week-end with her parents, Mr. and Mrs. O. H. Brown, of North Galena avenue.

### RETURNS TO SPOKANE—

Mrs. W. H. McRoberts, sister of Dr. Z. W. Moss, has returned to her home in Spokane, Wash., yesterday after a visit of a month at the home of Dr. and Mrs. Moss.

### KINGDOM COMMUNITY AID—

On next Wednesday the Kingdom Community Aid Society will hold an all day meeting at the home of Mrs. Charles Hanson. A good attendance is desired to "pick ducks."

### FLOYD INGRAHAM HERE—

Floyd Ingraham of Chicago spent the week end at the home of his mother, Mrs. Hester Ingraham, in this city.

### FOR LOUIS MAY—

Mrs. Gertrude Petty entertained a few friends last evening at her home, with Louis May, of Detroit, as the guest of honor.

### MRS. MARKS RETURNS—

Mrs. David Marks returned Tuesday evening from a visit of two weeks at the home of her mother, Mrs. E. Decker, in Chicago.

### TO ATTEND GAME—

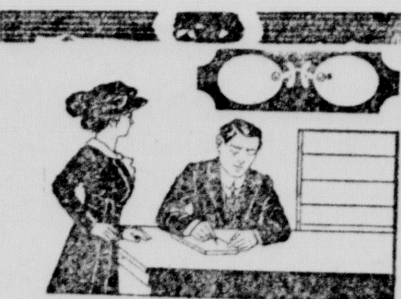

Mrs. L. C. Miller went to Chicago this morning to join her husband and tomorrow they will enjoy the Illinois-Chicago football game.

### LADIES AUXILIARY TUESDAY—

The Ladies Auxiliary of the American Legion will meet next Tuesday afternoon in G. A. R. Hall.

### TO DAKOTA, ILL.—

Rev. S. A. Zimbeck left today by auto for Dakota, Ill. where he has accepted a call. Mrs. Zimbeck will visit for some time with relatives in Ohio and will then join him. They have the best wishes of hosts of Dixon friends.

### NURSES' ALUMNI—

The Nurses' Alumni of the Katherine Shaw Bethesda Hospital held a pleasant business meeting Wednesday afternoon at 3 o'clock in the lecture room at the hospital.

### RETURNS AFTER VISIT HERE—

J. D. Vest, father of R. L. Vest, has returned to his home in Cuba, Ill., after a pleasant visit here with his son and family.

### TO ATTEND GAME—

Miss Marian Cahill went to Chicago this morning to be with her brother Eugene Cahill and to attend the Chicago-Illinois football game.

### AT FLOTO HOME—

Mr. John Ross and his bride of Delphos, Kan., are spending a few days at the home of Henry Floto and with other relatives.

### AT BOYER HOME—

Miss Margaret Finkler of this city is the guest of Mrs. J. H. Boyer for a few days.

### PEORIA AVE. CLUB—

The Peoria Ave. club will meet on Monday afternoon with Mrs. Charles B. Morrison.

Some laundresses seem to overlook the fact that table linen is more absorbent than the other clothes and make the bluing water too blue.

Table linen being real linen and of a soft weave should be treated in a different way than one handles bed linen, which is "linen" usually only from courtesy.

The water for table cloths and napkins should be slightly blued and the rollers of the wringer should be loosened. If the wringer is screwed too tightly there will be creases in the linen very difficult to iron out.

**Menu for Tomorrow.**  
BREAKFAST—Baked apples filled with cereal, griddle cakes, sirup, coffee.  
LUNCHEON—Oyster plant fritters, apple pudding, tea.

DINNER—Mutton with rice, string beans, banana salad, prune whip, coffee.

**My Own Recipes.**  
To overcome the strong flavor so many people object to in mutton, try trimming off the superfluous fat and removing the pink skin. A whole onion cooked with the meat and removed before serving does much for the flavor of the meat.

**OYSTER PLANT FRITTERS.**  
1 bunch oyster plant  
2 tablespoons butter  
1/2 teaspoon salt  
1/4 teaspoon pepper  
1 egg  
Fine bread crumbs

Wash and scrape oyster plant. Cut in slices and put into cold water to which a little vinegar has been added. Cook in boiling salted water until tender, about 25 minutes. Drain. Mash and season with butter, salt and pepper. Beat egg well and add to oyster plant. Shape in small balls, roll in bread crumbs, dip in egg slightly beaten with one table-spoon water. Roll again in crumbs and fry in deep, hot fat.

**MUTTON WITH RICE.**  
fore-leg mutton  
1 cup rice  
1 small onion  
2 teaspoons salt  
1 1/2 cups canned tomato  
Cut meat from bone into pieces two

inches square. Mince onion. Wash rice. In a buttered casserole put a layer of meat, then a layer of rice and so on until all is used. Add onion to tomatoes with salt and pepper. Pour over meat and rice in casserole. Add water to cover. Cover and cook in a slow oven for two hours. Add more water as necessary.

Don't get into a stew over your cooking—it doesn't pay.

### But One Democratic Precinct in County

The canvassing board who are checking up the returns from the various county precincts will not complete their duties until tomorrow morning. One of the members of the board stated this morning that the returns that have been canvassed show an average of seven republican votes to one democratic, and this may be increased with the final count. Only one precinct in the county polled a majority democratic vote, that being Marion township.

## COUNTY COMMUNITY CONFERENCE TO BE HELD IN DECEMBER

(Continued from Page 1.)

as a director thought that the greatest field for work for our Chamber of Commerce was in just such matters as this. It would be a great thing for Lee county to have every element and section pulling with every other for the advancement of social conditions. On motion of Mr. Erwin the Board of Directors voted to cooperate with the state organization in holding a county Community conference on the date they set, which it is understood will be early in December. County Superintendent L. W. Miller was appointed to the Civic Affairs Committee to represent the school interests in the place recently held by the late Prof. Reeder.

**For Beautiful Colony.**  
A discussion of the manner in which present and future additions to the State Colony might injure the scenic beauty of that land brought out the idea that the Chamber of Commerce, for the citizens of Dixon, should take an interest in attempting to develop an institution which would not only be useful, but also as artistically arranged as possible. A committee of Mr. Brinton and our members of the legislature, Messrs. Devine, Byers and Tourtellot was appointed to investigate the site and the plans in so far as possible and take any action appropriate to attain the above idea.

**For Armistice Day.**  
The directors were pleased to hear that the American Legion and the Service Star Legion had some plans for Armistice Day as they felt this day should not pass unmarked. For various reasons it was not thought wise to make other plans this year for Armistice Day.

The Lee County Conference will be planned and conducted by the Civic Affairs committee; Postmaster Wil-

VITAMINES

Vitamines are elements of diet as  
essential as proteins, fats, carbohy-  
drates and mineral salts. Yet nobody  
knows what they are. As Prof. Eddy  
puts it in "The Teachers College Rec-  
ord" for March: "Today we know they  
are we don't know what they are. We  
know some of the things they do and  
don't do, we know many substances.  
But their actual chemical nature is as  
much a puzzle today as the day of  
their discovery.

One of these substances is called  
"fat-soluble A." It is present in milk  
and butter, though not in lard; and  
rats, guinea pigs and other creatures  
cannot grow on a diet from which it  
has been extracted.

A second, called "water-soluble B,"  
is contained in milk, in the hulls or  
polishings of rice, in yeast, in beans,  
in sheep's pancreas. The lack of it  
causes the disease known as ber-beri  
or polyneuritis.

The third, called "water-soluble C,"  
is necessary to prevent scurvy. It al-  
so is found in milk, though pasteuriz-  
ing destroys it. Bottle-fed babies get  
it in orange juice, but canned tomato  
juice would do as well.

These, of course, are not the only  
sources of these vitamins. The ordi-  
nary diet of adults contains enough  
of all of them.—But babies not fed at  
the breast may miss one or another if  
care is not taken.

In some conditions, as in marasmus  
a baby cannot assimilate a vitamin  
from one thing in which it is present,  
but can from another.

All this has been worked out since  
1911 by different workers in different  
countries. Science knows no national  
boundaries.

The peace conference used \$0,000  
frances worth of cigars. The Indians  
used to accomplish more peace with  
old pipe and a couple of tobacco  
leaves.

Bank cashiers who like their sleep  
had better leave their safes unlocked.  
Ohio bandits woke one out of a sound  
snooze and made him open the strong  
box.

they're called Johnny Bulls.

The householder gazes sadly at his  
 dwindling coal pile and sings: "It isn't

Rural quartets have shelved that  
old favorite "Comin' Through the  
Rye" and are now singing "Don't  
Come Through With the Wheat."

RUBBISH AND NONSENSE.

It is hard to believe that with all  
the definite knowledge we have con-  
cerning the nature of diphtheria any-  
one would still take stock in the an-  
cient and long discarded theory that  
diphtheria originates in decaying  
rubbish or filth. However, here is  
what the manufacturer of a disinfect-  
ant soap said recently:

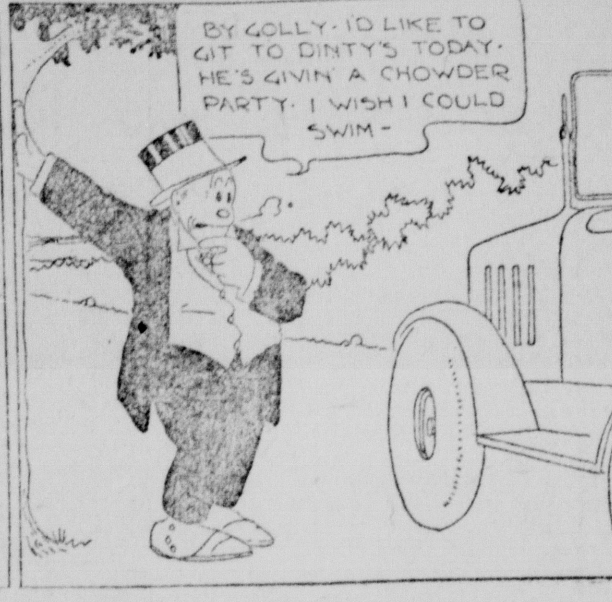

"The epidemic (of diphtheria)  
started in a garbage pail as bright  
and clean and with a top as close-  
fitting as your own shining one."  
This is the veriest nonsense, and  
anyone who adds a disinfectant to  
garbage with the idea of thus prevent-  
ing diphtheria is "barkin' up the  
wrong tree."

Diphtheria is caused by germs  
which are found in the nose and throat  
of those who have diphtheria. Now  
and then, also, such germs are found  
in the nose and throat of well persons,  
and exceptionally they occur in  
wounds of the skin. They do not de-  
velop in rubbish, or garbage, or in  
damp cellars, or in the many other  
places which our forefathers thought  
were responsible for the spread of  
diphtheria.

HARDENING OF THE ARTERIES.

The Public Health Service has no  
bulletins which deal with hardening  
of the arteries. This is a condition  
usually of advanced life, the cause of  
which, in many cases, is obscure. Oy-  
er-indulgence in tobacco, excessive use  
of alcohol, mental worry, dietary  
faults, especially an excessive amount  
of protein—all have been blamed for

BRINGING UP FATHER.

this condition.

Associated with hardening of the  
arteries is frequently some form of  
heart disease, and often as part of the  
process, chronic changes of the kid-  
neys.

It is not possible to attempt specific  
advice for one who is suffering from  
hardening of the arteries. Everything  
will depend upon the particular con-  
ditions present. As a rule, to be sure,  
it will be wise to restrict the diet; food  
consumed, to prohibit smoking and to  
protect the patient against excite-  
ment.

In every instance, the patient should  
place himself under the care of a good  
physician and follow his advice.

ADVENTURES OF THE TWINS  
by Olive Roberts Barton

A GOOD SMELL.

The Monday after the picnic you  
may imagine how lessons went in the  
Meadow Grove school. Mr. Scribble  
Scratch and his helpers, Nancy and  
Nick, were in despair, because nobody  
would study or work. The worst thing  
was that nobody seemed to care  
whether he learned anything or not.  
And the empty seats belonged to  
Chip Chipmunk, and Chip was away.

One of the empty seats belonged to  
Chip Chipmunk, and Chip was away.

HE LOOKED AS FAR AS HE COULD SEE.

I'm sorry to have to tell you, not be-  
cause he'd had too many pickles and  
too much cake, nor because he'd got  
his feet wet, but because his eyes were  
too sharp, and his nose too keen at  
smelling.

It was this way. The day of the  
picnic when everybody was having a  
good time, racing, and throwing, and  
swimming, and playing games, some-  
thing delicious began to tickle Chip's  
nose. At first he thought it was im-  
agination, because nobody else seem-

ed to notice it. But the tantalizing  
smell kept coming and coming right  
toward him, so then he knew it must  
be real, and that something most aw-  
fully good to eat must be causing that  
smell. Could it be the picnic baskets  
full of goodies? No, he decided not,  
for there weren't any baskets to be  
seen. You remember, don't you, that  
Tug Turtle was late about bringing  
them?

Then he noticed that the good smell  
only came when the wind was blow-  
ing from a certain direction. When-

THE BOOK OF ANN.

BOB BELIEVES A WIFE SHOULD  
BE RESPONSIBLE FOR HER  
HUSBAND.

"Let me ask Bob why he believes I  
should remarry my divorced husband,"  
was Mrs. Best's calm rejoinder.

"Simply because I believe that the  
strong human beings should always  
uphold the weak. It is the only way  
to keep a good average in human so-  
ciety."

"Sort of individual responsibility for  
the general uplift?" I asked. "Bob  
Lorimer! I'm positively ashamed of  
you! People who can't hold them-  
selves upright, might as well collapse!"

"I doubt if anyone can resurrect a  
personality which has started to rot,"  
said Mrs. Best, gently. "My hus-  
band's present self doesn't touch me  
at all. But I know that if I could see  
him as his old self, the man I first  
knew, I would surely love him all over  
again and marry him. He can't un-  
derstand that he is changed! My hus-  
band was a man of extraordinary in-  
telligence, and he deliberately destroy-  
ed the best things in his own nature.  
He had the finest taste and discrimi-  
nation in everything—except his own  
character."

"Pure genius, evidently," said Bob.

"My meetings with him since my  
divorce have always been curious re-  
velations. Invariably I get a single  
hint of the man he used to be, and  
my heart breaks. But I haven't a  
single tear for the man he is now—the  
man he became of his own volition."

"I think most of us chose to be just  
what we are," said my husband, "al-  
though we say we are made by forces  
we could not resist. I believe if we  
told people responsible for their char-  
acters instead of accepting everlasting  
excuses for their stealing and proflig-  
ate, say, if we compelled each man to  
be his own keeper, morally, we  
might attain to a pretty decent world."  
"And if a husband is a failure you  
consider it a wife's duty to shelter

him?" I asked.

"Yes. Sounds strenuous, of course.  
But in just the same way, I believe  
parents should be held responsible for  
the up-bringing of their children. If  
parents had to explain to a court just  
how and why a son became a thief or  
a murderer, we would have shorter  
lists of criminals. But society pities  
the parents who ruin their own chil-  
dren. I believe the insane should be  
supported by their relatives. Then  
men and women would study eugenics  
and avoid bringing imbecile and de-  
generate offspring into the world."

"Well, Bob, I certainly tried for  
years to reform a recreant husband  
and I do not care to repeat the experi-  
ment. I'm willing to keep him from  
being a chance upon society, since he  
will not work, but I will not live un-  
der the same roof with him. I have  
told him that he must not try to see  
Ann until we have all talked things  
over. But I'm afraid he will come to  
the garden party—the political rally  
Miss Lorimer is planning. He loves  
public scenes—likes to be important  
and conspicuous and he may create  
some horrid commotion—"

"I'll get somebody to look out for  
him—and prevent that. Don't worry,  
Mrs. Best," said Bob.

"Now that Ann has money, he will  
always worry her," she continued.  
"Almost the only way I could keep  
tab on him would be to remarry him.  
It would save you folks from perpetual  
irritations and embarrassments. Will  
you forgive me, if I do not?"

"We would never consent to such a  
sacrifice," I cried. And I was sorry  
not to hear my husband make a simi-  
lar emphatic statement.

"I'll tell you what we'll do," he said.  
"We'll send Mr. Best around the world  
on a long trip. That will keep him  
away from Ann and you for months!"  
"Meanwhile—look out for a scene at  
the rally," was Mrs. Best's warning.

## FAIR TRADING; EQUAL CHANCE BRITISH IDEA

### Sir Auckland Geddes Decries Trade Competition.

By Associated Press Leased Wire  
Minneapolis, Minn., Nov. 5.—America and Great Britain must avoid national trade competition "organized by government and supported by political action," Sir Auckland Geddes, British ambassador to the United States declared today in an address at a Chamber of Commerce luncheon here.

If the United States or Great Britain he said, were to begin to organize areas of exclusive economic advantage there "would inevitably come a clash of interests that would at least strain the friendly relations between the countries."

Sir Auckland denied statements appearing in American newspapers that American ships had been placed at a disadvantage with British ships by British government action. He declared, however, "not in any sense as a threat, however veiled, but as a matter of interest," that if the British empire should adopt a law precisely similar to the American law limiting coastwise traffic to ships flying only its own flag "there would be some far reaching derangements in the business of non-British shipping."

**Fair and Equal Trade.**  
"We are not thinking at present of adopting any such law," he added, "for our trade policy is based on the policy of fair trade and equal opportunity."

Speaking as the ambassador of England and all the British dominions and colonies, "of one quarter of the human race," Sir Auckland said he had no hesitation in asserting that he misrepresented no opinion of importance when he declared it was the wish of all the British people to live in peace and amity with the United States and "with all the nations of the earth."

**Continue to Trust.**

New York.—The highest paid speaker in America isn't Billy Sunday, after all. Oh, my no! Little Miss Elizabeth Gulick gets more per word than the Rev. William. She has a "piece to say" in "Daddy Dimples," a new comedy drama here, that has just 59 words. She receives \$9.44 for the 59 and for saying 'em eight performances a week she receives \$75. for 472 words which isn't so bad for an 8-year-old.

er, if we know as states we can trust one another not to steal marches each upon the other then I believe that the competition of our respective traders will add to and not subtract from the understanding of the one nation by the other.

"Let me declare without any misunderstanding, the British government will welcome the co-operation of

the government of the United States in dealing with the problems of the east and the west and that so far as trade is concerned it stands today by its old policy of fair trade and equal opportunity."

## When Good Fellows Get Together

IF you want a lively time at your Stag Party, put a good song roll on the Gulbransen. It will start things going, and very likely uncover unexpected talent. Every fellow likes a chance to do his clog, or a stunt with banjo, mandolin or bones, or at least join in the chorus.

The Gulbransen is always ready for anyone to play. And every song you ever heard of is available in player-rolls, with the words on the roll so everybody can read them. The latest dance songs and love songs. The topical, joking songs from the new operas, the boisterous "altogether-now" songs and the old close harmonies.

You can make your home parties the most enjoyable in your neighborhood if you have a Gulbransen and a good assortment of rolls. Every occasion is made more enjoyable by music, and music for every occasion is available for the Gulbransen.

Gulbransen Trade Mark

### Easy to Play

You will especially appreciate the ease with which you can play a Gulbransen. Its "pedal-touch" is delightful, exquisite. After a few evenings with the new Martin Method instruction rolls you will astonish your friends by your skill.

Try a Gulbransen yourself at one of the dealers' stores named below. Try some of the songs you'd like to pull at a Stag Party. You will never be satisfied with any other player-piano once you try the Gulbransen. It will make you realize that evenings at home are much duller than they need be.

### Nationally Priced

Gulbransen Player-Pianos, three models all playable by hand or by roll, are sold at the same prices to everybody, everywhere in the United States, freight and war tax paid. Price, branded in the back of each instrument at the factory, now includes six instruction rolls (Martin Method) and our authoritative book on home entertaining and music study with the Gulbransen.

## AMROY LUTHERAN CHURCH

Rev. L. G. Krebs, Pastor  
There will be no Sunday School nor services next Sunday morning or evening. The pastor will be in Hartsburg, Ill., to conduct Mission Rally Day services on that day.

## GRACE UNITED EVANGELICAL

Rev. C. G. Unangst, Pastor  
9:45 a. m. Sunday School. B. S. Schildberg, Supt. Lesson on "Principles of Christian Living." Matt. 6:10-14. We have room for you. Come! 10:45 a. m. Sermon on "The Wise and the Foolish." Do you know what the Bible says about these two classes of people? Read Daniel 12:10. Miss Vivian Graves will sing.  
6:30 p. m. Young People's meeting. Topic: "Peacemakers." Matt. 5:9. Gen. 12:1-9. Marian Smith, leader.  
7:30 p. m. This service will begin with an inspiring song service. Then the pastor will preach on "Dixon's Greatest Sin."

The Women's Home and Foreign Missionary society will have an all day meeting at the home of Mrs. H. B. Zigler on next Tuesday. This will be the annual thank offering meeting and a large attendance is expected.

## KINGDOM UNITED EVANGELICAL

Rev. J. Hoerner, the presiding elder, will preach at the Kingdom church and conduct the communion service at 2:30 o'clock on Sunday afternoon. The people of that community are invited to be present.

## FRANKLIN GROVE METHODIST

Rev. Warren Hutchinson, Pastor  
All Sunday School friends are cordially reminded that we want to see every one of them next Sunday morning at the Sunday School hour. Arrangements are about completed for the new program in the readjustment of the church to accommodate the primary department up stairs. Probably next Sunday will be the last Sunday they will have to meet down stairs. We are glad to have this defect remedied in our work and both children and teachers will welcome the new adjustment we feel sure, and all members of the department up stairs will fall in with the new plan with the same spirit of good will that so characterizes our school. At the morning hour of public worship the first communion service of the year will be held and all friends are invited to its fellowship. The story-sermon for the children will have its usual place. The pastor will preach at the evening hour of 7:30. Some misunderstanding has arisen because of the change of the hours at the Presbyterian church, but our friends are asked to remember that for the present at least our evening service will be held at 7:30, as there seems to be no good reason for our making a change.  
The illustrated services last Sunday evening was enjoyed by a good congregation, and the pictures were well up to the high standard which has

characterized our program. The next service in this program will be on Nov. 14.

## FIRST METHODIST EPISCOPAL

# DR. SICKELS' CAMP IN NORTH WOODS OFFERS GREAT HUNTING SPORT

(Continued from Page 1)

every viewpoint his camp is ideal. The territory around him from hundreds of miles is a vast wilderness of timber and waterways, with only a few widely separated little trading posts and settlements. There are a few hardy settlers in the woods who have homesteaded and built cabins and cleared out a few acres where they raise large families and little else, by hard work and admirable courage. There is an Indian reservation not far away, the Indians, Chippewas, hunt and fish and trap in the waterways and gather the wild rice which abounds in this territory.

The dense forests are mostly second growth, having been logged over years ago, but occasionally one finds a stand of virgin Norway or White Pine, rising a hundred feet in the air before they branch, creating a great awesome, beautiful cathedral in the woods, secluded, shaded and with a stillness that is absolute except when broken by the startled flight of a disturbed deer, the whirr of a partridge's wings or the shrill, indignant scolding of the tiny squirrel that infests the woods and acts as though he owns them and allows no trespassers.

There is big timber everywhere, both soft and hardwood. The topography is rugged and the country is a succession of lakes, streams, hills and swamps and coulees. Everything except open water is covered with Canoe Bog. "Popple," Tamarack, Cedar, Spruce and Balsam. Nearly all open water is bordered by wide stretches of floating bog or "Muskeg" as John Davies calls it. John should know. He has inspected it both on top and underneath several times.

The big Spruce, Cedar or Tamarack swamps are difficult to negotiate be-

fore they are frozen, as are the floating bogs, although the deer runs cross them frequently and safely.

### Water Flows North

Dr. Sickels' cabin is near the junction of the Bowstring and Popple rivers, which then become the Big Fork of the Rainy river and flow into Hudson's Bay. The rivers are simply connecting links or great chains of lakes of lesser or greater magnitude. Not many miles south is the height of the divide, from which point all waters flow south and form the headwat-

ers of the Mississippi. At Bowstring Lake, which is the source of the Bowstring river, a settler a few years ago cut a narrow ditch through a small ridge of land and started a creek that ran south into the Mississippi and the United States and Canadian governments are still in a legal wrangle over the action, for Canada claims that the ditch diverts water which should flow north and which Canada wants. The lakes of the region range from beautiful little gems of sparkling blue water, set down between the sheltering hills and ringed by dense, wild forests, to great stretches of open water, dreary which the eye can hardly reach and with hundreds of miles of shore line. The little inland timber lakes have no outlet, but are fed by springs, as are the bigger ones. All the water is clear as crystal and pure. The larger lakes are connected with rivers. The waterways were once the only highways of the territory and today form the easiest method of travel. The opening of roads and the use of automobiles has brought road signs into the country, but the junctures of the lakes and the forks of the rivers still carry the old signs directing the traveler in his canoe.

### Game Is Abundant.

The woods and waters teem with game and fish of all description. At any time during open seasons, Dr. Sickels' camp affords a great variety of sport. The deer are plentiful. Their tracks can be seen on any road and the woods are full of their sign. Several deer were seen from the cabin while the party was in camp there. There are also a few moose within a few miles. The wolves serenaded us sometime or other every night. Bear also can be found there. The partridge or ruffed grouse are so numerous that the limit of five a day could usually be filled in an hour or so. The logging roads and tote roads that traverse the woods, made years ago by the lumber crews when they were taking out big timber, are covered with clover in the summer and fall, sown by the seeds from the hay that was scattered along the roads. The partridge come out of the denser forests to feed on the clover and are easy game if taken before their rapid

## ABE MARTIN.

Miss Garnet Moots, th' lovely, pop'lar an' accomplished daughter o' Mr. an' Mrs. Tilford Moots, had her eye put out by a cork while entertainin' friends last evenin'. Of all th' odors o' th' present day, we don't believe thers any t' compare with th' ole combination o' red flannel underwear an' cashmir bouquet soap.

flight gets them back into covert. There is no finer table delicacy.

Because of the thousands of acres of wild rice that grows along the streams and in the shallow waters of the bays and lakes, there is abundant food for wild ducks and thousands of Mallards breed each year in the marshes and around the lakes. These local ducks furnish good shooting in this region even when the famous shooting grounds of the Dakotas and other regions that depend upon the big flight of northern ducks are barren of game. Bluebills, red-heads, black-heads, canvass-back, rail and many other varieties of water fowl abound.

It is a hunter's paradise. Sheriff Frank Schoenholz, Angler Wilson and Frank Sutterlin, all of Dixon, spent several weeks in this same locality this fall, coming out a

few days after Dr. Sickels' party went in, and they all brought home good bags of game.

Dr. Sickels' camp is equipped with a motor boat and a canoe and two row boats for the hunting of water fowl and fishing. The streams and lakes are full of pike, perch, croppies, etc. The territory in which Jishaba Lodge is located is an ideal one in which to take rest and recreation. It affords every variety of sport for the hunter, fisher and canoeist. It is likewise a good place to walk. Lou Pitcher can testify to that. He started out for a little stroll one afternoon and walked twenty miles before he struck camp that evening. Dr. Thompson's hob-nailed boot tracks also radiate for a good many miles in any direction from camp. Nobody walked Dr. Sickels down, however, and he wore out everybody in camp with his pile of tamarack logs without turning a hair himself. His woodshed is filled with stove wood, sawed and split and more than half of it was his work while the rest of the credit can be divided more or less evenly among the six other

members of the party, including Dr. Tom Beveridge of Chicago. We are convinced that Dr. "Tommy" Thompson is harder at an operating table lifting out a patient's tonsils than he is with a double bitted axe on Dr. Sickels' woodpile. Modesty forbids us telling you who did his share of the wood cutting.

A 43-mile automobile trip, taking in Lake Winnebigoishish and the government dam of that name, past interesting Indian burying grounds, etc., brought us to Deer river where we were entrained for Duluth, St. Paul and home.

# DIXON BOY OFFICER OF DECK WHEN SHIP HIT FLOATING MINE

(Continue from Page 1.)

people. Our chief engineer went ashore here yesterday, and while rounding a corner in an open taxi some one spit in his face but even though he jumped out of the car and ran after the fellow he could not catch him.

I went ashore and spent the afternoon and got along fine, although we were not cordially received by the natives. I got along wonderfully well with my German and acted as interpreter for the rest of our crowd.

Things are reasonable here but there is no soap or fats. Today we had a party aboard, English officers from the H. M. S. Vampire.

We are having a good time and enjoying sightseeing in every port. The Reds are rather vicious here. The police will not let more than 10 or 12 people walk along the streets together for fear it is a Red congregation. They must disband at once.

Oct. 2.—We have been lying at anchor off Pissen and Lyserat Lights, Russia, about 90 miles from Riga, Russia, since yesterday afternoon.

Last Thursday we left Danzig, Free City of Poland, en route to Riga, Russia. We made good time and passed all dangers safely, reaching Lindan, Russia, Friday morning about 5 o'clock, where we anchored on account of the extremely heavy and treacherous fogs and heavy seas. About noon we got under way again and headed up the five hundred yard mine swept channel off the coast of Russia for our port Riga.

## Terrific Explosion

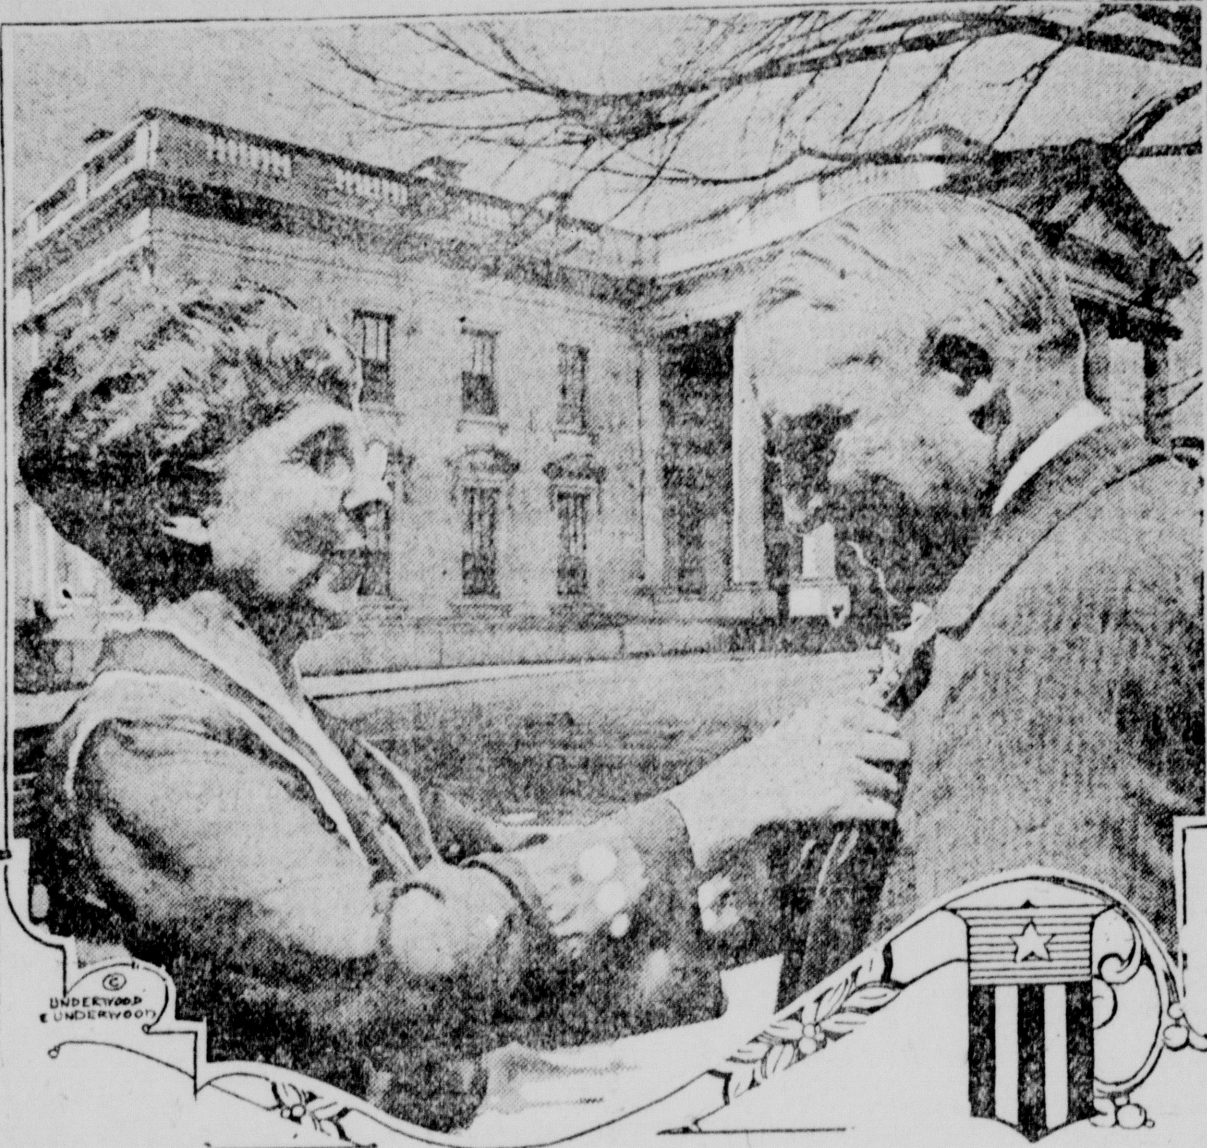

I had the deck and was steaming the Kane at sixteen knots per hour on our course of 90 degrees, everything going nicely until I sighted and passed Lyserat Light house, abeam, to starboard a distance of about seven miles, which was our clear heading, and supposedly safe course. I had just cleared the lighthouse Lyserat and picked up the Light house Pissen, on the starboard, and stuck my head out from the port side of the bridge, to get a bearing on a steamer, when all of a sudden I heard a terrible explosion aft on the port side. I looked around quickly and saw the air full of debris and a column of water. We had struck a mine and exploded it.

I sounded "Collision Quarters" at once as the ship had listed considerably to starboard, had a collision mat put over the side, and had life boats and rafts rigged out, but did not pass the word to abandon ship, as there was apparently no immediate danger of us sinking. I had an S. O. S. call sent out a British light cruiser "Vanquisher" which had just passed us twenty minutes before.

## Damage Described

The explosion occurred at 3:05 p. m.

# THE NEXT "FIRST LADY"

Mrs. Harding pinning a flower on the next president, with a background of the White House over which she will rule as the next "First Lady of the Land."

Oct. 1. A preliminary examination revealed this: Our stern was blown up and buckled, steering engine room shattered, life lines and stanchion gone, both propellers twisted, propeller shafts (both) bent, bad leaks and steel plates driven through our decks, beams twisted, everything aft a wreck so bad we could not move.

The leaks were bad and filled several compartments but we got our pumps to working, and can keep the water at a safe depth, at least for clear and fair weather.

The best I could do was anchor as we were in the center of a mine field (swamp). If I drifted I might strike mine and surely sink then.

About five p. m. the British Cruiser Vanquisher showed up and anchored about 3300 yards away from us to stand by until the U. S. E. Brooks, an American destroyer, could run down

and stand by us. The Britisher stood by us all night and the Brooks showed up in the morning, and this afternoon shot a line to us and took us in tow, and is now towing us back ninety miles to Liban, Russia, a port of about 100,000 population—Russian garrison, soldiers, Letts and Germans.

Liban is a seaport town, and exports lumber from Russia, that's about all except for a dry dock where we will probably go until we can get patched up enough to ride safely on sea. I do not know where we shall go from here for final repairs, possibly Copenhagen or to England. One thing sure we will all go up to a Court of Inquiry—Captain, Navigator and Officer of the Deck (H. A. D.) I do not know where it will be held, probably in England.

## Three Men Injured

Only three men were injured and none of these seriously. It sure was a miracle for one man had just left

the steering engine room and it is a wreck. Any number of watch-standers, asleep in their bunks in their compartments, were thrown all the way to the deck overhead and out on to the decks, but only three slightly injured.

Oct. 9.— Landskrona, Sweden. We were towed to Liban, Russia, thence to Copenhagen, Denmark, and from there to Landskrona, Sweden, where we were dry docked. Here we found serious injuries, plates aft badly buckled, all shot away, both shaft (propeller) struts shaped off, propeller shafts bent. We will be here from one to three months at least, if fully repaired.

The town is only about 20,000 population, nice town but no excitement. A couple of good movies, a couple of good hotels, but no dances. People are fine and curious as we are the first American destroyer to ever come here.

# DISCOVER CLUE TO FREIGHT CAR THEFT AT MALTA

## Several Packing Cases Found Along Right of Way.

An extra freight crew running light with engine and locomotive, during the night discovered what is believed to be a clue to robberies that have been committed from merchant-disse cars in transit. The train had passed through Malta and just outside the village the engineer saw several large dry goods boxes scattered along the right of way near a road crossing.

He stopped his engine, notified the conductor and a hurried investigation followed by members of the crew. They loaded four large dry goods boxes containing hosiery on the rear platform and proceeded to Nelson, where the freight was turned in at the yard office and is being held while special agents for the Northwestern are starting an investigation. The goods was consigned to western points and are believed to have been thrown from a west bound merchandise train at this point probably a very short time before it was found.

A few nights ago, a switchman in the yards at Nelson, while riding a coal gondola, discovered some boxes piled in one corner of the empty car. When he and a companion went to examine the contents, they found it to be four cases of loaf sugar which had been taken out of a merchandise car in the yards. The boxes were carried to the yard office and later forwarded to their destination.

The first electrical energy furnished by the waters of Niagara was generated in 1831.

Nothing like Musterole for croupy children. Keep it handy for instant use.

# "Hinky Dink" and "Bathhouse John" Must Part Company

By Associated Press Leased Wire  
Chicago, Nov. 5.—The decision of Chicago's voters to have one alderman and 50 wards instead of two aldermen and 35 wards today brought to light the interesting case of "Bathhouse John" Coughlin and "Hinky Dink" Kenna who have bossed the first ward for more years than many voters can remember. Speculation was rife in political circles as to which of the two nation wide celebrities would drop out at the time of the next election. They are fast friends.

# Gov. Frazier Takes Lead in N. Dakota

By Associated Press Leased Wire  
Fargo, N. D., Nov. 5.—After trailing behind in the vote since election night, Governor Lynn J. Frazier, Republican candidate endorsed by the Non-Partisan League, swung into the

lead early today in the gubernatorial race. He had a lead of more than 800 votes over his Democratic opponent, J. F. T. O'Connor. Returns from 1,852 precincts gave Frazier 104,498 and O'Connor 103,612. Frazier's re-election has been conceded by the Fargo Forum, which supported O'Connor.

## COMISKEY TOOK LEAD IN INVESTIGATION OF CHARGES OF BRIBERY

**Shows Johnson Didn't Do  
Anything Until "Old  
Roman" Acted.**

*By Associated Press Leased Wire*

New York, Nov. 5.—Jacob Ruppert and T. L. Huston, owners of the New York Club of the American league last night made public a statement from Charles A. Comiskey, owner of the Chicago Americans, dealing with the 1919 world series scandal.

The statement seeks to counteract the impression that prevails that Mr. Comiskey had been delinquent in exposing the scandal and that credit should go to President Johnson of the American league for doing so.

Mr. Comiskey declared that the first intimation he received of crookedness in the series was regarding H. C. Redmond of St. Louis who claimed to have lost \$5,000 on the White Sox by being double crossed. Redmond was interviewed, said Comiskey, but the story he told was so vague and uncertain in character that no one would be justified in taking such action as would destroy the character and reputation of men.

**Comiskey Spent \$10,000.**

The owner of the White Sox stated he had spent approximately \$10,000 in attempting to run down the charges. Last May he communicated his suspicions to President Heydler of the National League who informed President Johnson of the American league.

"This same man, Redmond, was likewise interviewed by this same Johnson, the president of the American league," the statement continued, "and Johnson must have reached the same conclusion because he took no action as the President of the league with reference to the information he received from Redmond."

"Immediately upon special grand jury being convened in Cook county I volunteered all information at my disposal and paid part of the expense of bringing witnesses to testify before the grand jury. Further than that even though the chief justice of the criminal court offered to delay the information until the ending of the 1920 playing season so as not to interfere with the completion of the schedule of my ball club, I declined to have the matter postponed."

## Expect Britain to Recognize Mexico

*By Associated Press Leased Wire*

London, Nov. 5.—British recognition of Mexico is expected to follow recognition by the United States, according to Miguel Covarrubias, former Mexican minister at London, who resigned his post as foreign minister under the present Mexican regime in August and returned to England on a mission for his government.

Since his arrival Senor Covarrubias has had only informal conversations with the British foreign office, but he takes the view that the recent statement by Secretary of State Coghly on the Mexican question and also the legalizing by the Mexican congress last week of General Obregon's election to the Presidency are leading up

to full recognition of Mexico by the United States and Great Britain.

*By Associated Press Leased Wire*  
Santiago, Chile, Nov. 4.—Chile has decided to recognize the new government in Mexico, it was learned here today.

## Court House Bonds Beaten in Bureau

Bureau county will not have its fine new court house, planned generally after the Lee county building. Anti-Princeton feeling about the county beat the proposition to bond the county for \$600,000 for that purpose 2 to 1 in Tuesday's election. Princeton voters defeated a proposition to issue bonds for a township high school by an even 300 majority. The Bureau county hard roads bonds were carried.

IT'S high time to change from the open Ford Car to a comfortable closed car for cold weather driving. Put a Koupet Top on your open Ford and have every day, all weather driving comfort. The Koupet Top is good looking, substantially built, wind and weather-proof.

At ninety-five dollars for the Touring Car, or \$67.50 for the Runabout—freight and attaching charges extra—it is very low priced for the practical necessity it is.

We will gladly explain the many points of Koupet Top superiority. Let us show you how well it looks on the Ford. Book your order with us now, if you expect to have a Koupet Top this season.

## MARSHALL MUM ON SUGGESTION WILSON RESIGN

**Vice President Ignored  
Subject in Freeport  
Address.**

*By Associated Press Leased Wire*  
Freeport, Ill., Nov. 5.—Vice President Thomas Marshall lectured here tonight before a large crowd but made no comment on the suggestion of William Jennings Bryan that President Wilson resign immediately.

"Now that the American people have decisively declared against the League of Nations as written by the President," said Mr. Bryan in Chicago yesterday, "it would seem desirable to carry out the verdict immediately."

"The President should turn over his office to Mr. Marshall on the condition that on the convening of congress in December, Mr. Marshall appoint Senator Harding secretary of state and himself resign."

"The law then would make Mr. Harding president and with the republican support in congress, he could at once put into operation the plan for the United States to enter into an association of nations for peace."

## Ashton Youth is Honored By France

Ashton, Nov. 5.—Earl Pierce, who served nearly two years with the Marines in France has been decorated by the French government. He has been given the Fourragere, of the colors of the French Croix-de-Guerre, which is one of the highest decorations with in the gift of the French government. Earl served with the Marines at Chateau Thierry and Belleau Wood, which was the turning point of the war, when the U. S. Marines turned defeat into victory.

## FUNNY STORIES FOR ENTOMBED MINERS

CHESTERFIELD, Eng. — While miners removed 800 tons of debris to free Jesse James and Thomas Watson, entombed in a mine 102 hours here, their mates on the surface kept them amused with funny stories shouted through a pipe forced to them. At times the stories were long enough for food to be sent down the pipe to them.

## Children's Pennies for Field Monument

*By Associated Press Leased Wire*  
Chicago, Nov. 5.—Announcement was made yesterday, the twenty-fifth anniversary of the death of Eugene Field, the Children's poet, finds for a Field memorial monument at Lincoln Park had been raised. Ever since his death Chicago children have been adding their pennies to the slowly growing fund of \$25,000 which was completed by action of the Art Institute trustees who today voted to supplement the children's collection of \$9,920.25.

Johannes S. Gelett and Eugene McCarty, New York sculptors, have submitted two models for the memorial.

Eugene Field for twelve years conducted a column for the Chicago Daily News, the famous "Sharps and Flats." One of his best known poems is "Little Boy Blue."

## Investigate Frauds in N. Y. Elections

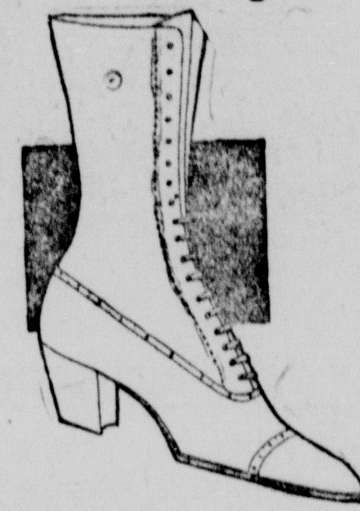

*By Associated Press Leased Wire*

New York, Nov. 5.—District Attorney Edward Swann today began formal investigation of alleged frauds in Tuesday's election. As a result of the finding of twenty-six marked ballots yesterday in sewers of the thirteen election district of the fourth assembly district, Mr. Swann summoned the election officials of that district to his office to be questioned.

# JAPAN WILL PROTEST CALIFORNIA'S LAND LAW TO WASHINGTON

Will Claim It Conflicts with Treaty Rights of That Nation.

Tokio, Nov. 4.—(By Associated Press.)—When confirmation has been received that the people of California have voted in favor of the proposed land law in that state Japan will lodge a protest in Washington, pointing out the measure conflicts with Japanese treaty rights, according to the Yozuru Choho, an independent organ, which quotes a foreign office official to this effect.

The Hochi Shimbun reports that M. Shidehara, Japanese ambassador in Washington, and Secretary of State Coby have reached an agreement by which Japan will stop immigration to the United States in return for which America will accord Japanese now in America the same treatment as other foreigners.

**Thoughtless Talk War.**  
Marquis Okuma, former premier, interviewed by the Yozuru Choho declares that "only thoughtless people have talked of war between Japan and America over California."

"If Japan fights with arguments of dignity and impartiality," he is quoted as saying, "Americans will act justly."

The defeat of Governor Cox is attributed by Marquis Okuma to the League of Nations, which he declares "even democrats dislike." He does not anticipate the Republican administration will raise the tariff owing to economic difficulties.

## Missouri Senatorial Races Are in Doubt

By Associated Press Leased Wire  
St. Louis, Nov. 5.—With official returns from the general election virtually completed for the entire state the only results today appearing to be in doubt were in contests for the state senate and legislature and the thirteen constitutional amendments and two propositions which were voted on.

Indications were that the Republican would be in the majority in the legislature, but the senatorial race apparently was close.

Early returns did not indicate the vote polled by the Socialist, Socialist-Labor, Farm-Worker and Prohibition parties and the full strength shown by these tickets will not be known until the official tabulations are completed, probably some time next week.

## Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Peppermint (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoon four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore be many people whose hearing may be restored by this simple, harmless, home treatment.

## Scramble Supper and Social Last Eve Great Success

The first scramble supper and card party of the winter season at the Elks club for members and their ladies, held last evening, was a success in every sense. More than four hundred people enjoyed a sumptuous supper in the big dining room and then spent the remainder of the evening in a social way in the club parlors. The special committee of women in charge of the program for the evening are deserving of much credit for the manner in which the largest crowd ever assembled in the dining room was served with dispatch.

The progressive 500 party was very interesting, about 200 members and their ladies competing. Favors for the evening were awarded to Mrs. W. G. Kent and Herbert W. Harms, while

consolation prizes were given Mrs. A. W. Lord and Dr. K. B. Segner.

## WRANGEL SAVED POSITION; SAFE IN CRIMEA NOW

Captured Thousands of Red Cavalrymen on His Retreat.

Sebastopol, Crimea, Nov. 4.—(By Associated Press.)—General Baron Wrangel, head of the Anti-Bolshevik government of south Russia, has successfully withdrawn his troops to Crimea before the advance of Soviet armies south of the Dnieper river. He is master of Perekop and also Salkova.

At Salkova, General Wrangel has captured thousands of men belonging to the units of General Budenny's cavalry. The spirit of his troops is good but they are worn out by their long fight, which has lasted for five months, and are glad to be assured of a rest in Crimea.

Soviet forces are besieging the anti-Bolshevik trench system on the narrow neck of land leading from the Crimean peninsula to the mainland.

### BARONESS GETS WORD.

Constantinople, Nov. 4.—General Baron Wrangel, whose forces have been driven back by Bolshevik armies has browned alliance of four days with a characteristically laconic message to Baroness Wrangel. His telegram said: "We are fighting hard, in full hope." The baroness, who has spent many sleepless nights since the Bolshevik offensive began, said today: "All I want is the truth; no matter how bad it is, I can stand it."

## Johnson Refuses to Meet National Head

By Associated Press Leased Wire  
Chicago, Nov. 5.—President Ben Johnson of the American league today intimated that there will be no joint session of the major league club owners in Chicago Monday afternoon. Johnson's stand was taken by fans to be his reply to the reports from New York that President Heydler of the National league had issued a second invitation to the American league executive and to the "loyal five" club owners supporting Johnson to join with the National League and the Chicago, New York and Boston American league clubs in session here Monday afternoon.

President Johnson yesterday issued

a call for a special meeting of all the club owners of the American league to discuss league matters Monday morning in Chicago.

## EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery. The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's! Putnam, pastor of that church offic-

## Italian Veterans Celebrate Armistice

By Associated Press Leased Wire  
Rome, Nov. 5.—Representatives of all regiments of the Italian army, gathered from all parts of Italy, marched in the great parade, held today to celebrate the second anniversary of the armistice with Austria which, so far as Italy was concerned, ended the great war.

The men, all of whom fought during the war, marched through the main thoroughfares bearing their regimental flags and singing patriotic songs amidst the applause of immense crowds which lined the streets.

**Boudoir talks with Sybel**  
on how cocoa butter reduces enlarged pores

Enlarged pores are a terrible bug-bear. They ruin the appearance of any complexion. I thought they were one of those unfortunate disfigurements acquired with years, but Sybel tells me I am mistaken.  
"Enlarged pores are more often caused by the use of injurious facial creams, dear girl, than by the fault of time. Some bleaching creams contain an acid which works havoc with the skin. The purpose of a vanishing cream is to keep the skin dry, and while the particular ingredient which accomplishes this is not necessarily impure or harmful, if used occasionally—constant application may run the skin. The pores become clogged and in time the muscles become so weakened they refuse to close.  
"Face and popular fancies should not enter into your choice of a facial cream. Your cream should nourish as well as cleanse.  
"Everyone knows cocoa butter is a remarkably fine skin food. Coco-Bloom—my cocoa butter cream—has all the virtues of the cocoa butter it contains, combined with other ingredients that benefit the skin. Daily use of Coco-Bloom soon nourishes the little muscles of the pores, so that they can do their work properly.  
"You first use steaming hot towels to expand the pores. After massaging the face briskly for five minutes with Coco-Bloom apply hot and cold towels, followed by witch hazel. Gradually the pores will decrease in size and become less conspicuous.  
Remember, Coco-Bloom is cocoa butter cream, and it supplies exactly what is needed to make your skin healthy."  
Send 10 cents to the Coco-Bloom Laboratories, Cleveland, O., for sample and instructive booklet "The Bloom of a Perfect Skin," or purchase a 7c jar today at any one of the following
